To whom it may concern,

I got to Conbiz through a recommendation from ISRAEL - CZECH CHAMBER OF COMMERCE, and realized I arrived to the right place straight away.

The professional and kind treatment, fast and reliable answers, keeping to schedule and of course the excellent service they provided are much to be appreciated.

When first I started working with Conbiz, I requested a list of Czech companies for consideration of cooperation, for entering the Czech market. I received a detailed tested list of relevant companies in the elevators field, including all the information necessary.

Several months had passed, and I made another request to organize a business trip in Czech which includes organizing and schedule meetings with relevant companies, I was happily obliged. After a month and a half I was on a flight to the Czech Republic for a business trip planned by the Czech branch, for beginning working with local companies.

Working with Conbiz was and still is productive, moreover, with professional support and full commitment from Conbiz, throughout the process. A big thanks to Mr. Amos Uzan, who stayed in contact with me throughout the process, for updates, advice and keeping all the promises. Even though the complexity of the project and working in tight schedule, I always felt full security and that I'm in good hands. The result was indeed great. During the first visit I received my first pilot-project from one of the biggest building companies in the Czech Republic.

I would like to recommend Conbiz services, and I'm certain that we will keep working together in the future.
